

**PE Pelletized Resin: Various Colors**

Version 1.3

Revision Date 2025-12-15

**SECTION 1: Identification of the substance/mixture and of the company/undertaking****Product information**

Product Name : PE Pelletized Resin: Various Colors  
 Material : 1131432, 1116998, 1113556, 1113555, 1113553, 1113342,  
 1113271, 1113211, 1113205, 1095667, 1074998, 1058714  
 Company : Performance Pipe, A Division of  
 Chevron Phillips Chemical Company LP  
 9500 Lakeside Blvd.  
 The Woodlands, TX 77381

**MEDICAL APPLICATION CAUTION:** Do not use this material in medical applications involving permanent implantation in the human body or permanent contact with internal body fluids or tissues fluids or tissues.

Do not use this material in medical applications involving brief or temporary implantation in the human body or contact with internal body fluids or tissues unless the material has been provided directly from Chevron Phillips Chemical Company LP or its legal affiliates under an agreement which expressly acknowledges the contemplated use.

Chevron Phillips Chemical Company LP and its legal affiliates makes no representation, promise, express warranty or implied warranty concerning the suitability of this material for use in implantation in the human body or in contact with internal body fluids or tissues.

**SECTION 2: Hazards identification****Classification of the substance or mixture**

This product has been classified in accordance with the hazard communication standard 29 CFR 1910.1200; the SDS and labels contain all the information as required by the standard.

**Classification**

: Combustible dust

**Labeling**

Signal Word : Warning

**Carcinogenicity:****IARC**

Group 1: Carcinogenic to humans

Lead Chromate 1344-37-2

Group 2B: Possibly carcinogenic to humans

Carbon Black 1333-86-4

Titanium Dioxide 13463-67-7

**NTP**

Reasonably anticipated to be a human carcinogen

Lead Chromate 1344-37-2

**PE Pelletized Resin: Various Colors**

Version 1.3

Revision Date 2025-12-15

Components are encapsulated within the product matrix.

**SECTION 3: Composition/information on ingredients**

Component	CAS-No.	Weight %
Polyethylene	9002-88-4	96 - 100
Polyethylene Butene Copolymer	25087-34-7	96 - 100
Polyethylene Hexene Copolymer	25213-02-9	96 - 100
Carbon Black	1333-86-4	0 - 5
Lead Chromate	1344-37-2	0 - 1
Titanium Dioxide	13463-67-7	0 - 1

**SECTION 4: First aid measures**

- General advice : No hazards which require special first aid measures.
- If inhaled : If unconscious, place in recovery position and seek medical advice. If symptoms persist, call a physician.
- In case of eye contact : Remove contact lenses. Protect unharmed eye. If eye irritation persists, consult a specialist.
- If swallowed : Keep respiratory tract clear. Never give anything by mouth to an unconscious person. If symptoms persist, call a physician. Take victim immediately to hospital. Keep respiratory tract clear. Do not give milk or alcoholic beverages. Never give anything by mouth to an unconscious person. If symptoms persist, call a physician.

**SECTION 5: Firefighting measures**

- Flash point : No data available
- Special protective equipment for fire-fighters : Wear self-contained breathing apparatus for firefighting if necessary.
- Further information : Standard procedure for chemical fires. Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.
- Fire and explosion protection : Provide appropriate exhaust ventilation at places where dust is formed.

**SECTION 6: Accidental release measures**

- Personal precautions : Avoid dust formation.
- Environmental precautions : If the product contaminates rivers and lakes or drains inform respective authorities.
- Methods for cleaning up : Pick up and arrange disposal without creating dust. Sweep up and shovel. Keep in suitable, closed containers for disposal.

**PE Pelletized Resin: Various Colors**

Version 1.3

Revision Date 2025-12-15

**SECTION 7: Handling and storage****Handling**

Advice on safe handling : For personal protection see section 8. Smoking, eating and drinking should be prohibited in the application area.

Advice on protection against fire and explosion : Provide appropriate exhaust ventilation at places where dust is formed.

**Storage**

Requirements for storage areas and containers : Electrical installations / working materials must comply with the technological safety standards.

Advice on common storage : No materials to be especially mentioned.

**SECTION 8: Exposure controls/personal protection****Ingredients with workplace control parameters****US**

Components	Basis	Value	Control parameters	Note
Nuisance Dust	OSHA Z-3	TWA	15 mg/m <sup>3</sup>	Total dust
	OSHA Z-3	TWA	5 mg/m <sup>3</sup>	(respirable dust)

Control as Particulate Not Otherwise Classified (PNOC). The ACGIH Guideline\* for respirable dust is 3.0 mg/m<sup>3</sup> and 10.0 mg/m<sup>3</sup> for total dust. The OSHA PEL for respirable dust is 5.0 mg/m<sup>3</sup> and 15.0 mg/m<sup>3</sup> for total dust.

\* This value is for inhalable (total) particulate matter containing no asbestos and < 1.0% crystalline silica.

**Engineering measures**

Adequate ventilation to control airborne concentrations below the exposure guidelines/limits. Consider the potential hazards of this material (see Section 2), applicable exposure limits, job activities, and other substances in the work place when designing engineering controls and selecting personal protective equipment. If engineering controls or work practices are not adequate to prevent exposure to harmful levels of this material, the personal protective equipment listed below is recommended. The user should read and understand all instructions and limitations supplied with the equipment since protection is usually provided for a limited time or under certain circumstances.

**Personal protective equipment**

Respiratory protection : If exposure to harmful levels of airborne material may occur, a NIOSH approved respirator that provides protection may be appropriate, such as: Air-Purifying Respirator for Dusts and Mists / P100. A positive pressure, air-supplying respirator may be appropriate if there is potential for uncontrolled release, aerosolization, exposure levels are not known, or other circumstances where air-purifying respirators may not provide adequate protection.

Hand protection : The suitability for a specific workplace should be discussed with the producers of the protective gloves. Please observe the instructions regarding permeability and breakthrough time which are provided by the supplier of the gloves. Also take into consideration the specific local conditions under which the product is used, such as the danger of cuts, abrasion, and the

**PE Pelletized Resin: Various Colors**

Version 1.3

Revision Date 2025-12-15

contact time. Gloves should be discarded and replaced if there is any indication of degradation or chemical breakthrough.

Eye protection : Eye wash bottle with pure water. Safety glasses.

Skin and body protection : Choose body protection in relation to its type, to the concentration and amount of dangerous substances, and to the specific work-place.

Hygiene measures : General industrial hygiene practice.

**SECTION 9: Physical and chemical properties****Information on basic physical and chemical properties****Appearance**

Form : Pellets  
Physical state : solid  
Color : Opaque  
Odor : Mild to no odor  
Odor Threshold : No data available

**Safety data**

Flash point : No data available

Lower explosion limit : Not applicable

Upper explosion limit : Not applicable

Flammability (solid, gas) : May form combustible dust concentrations in air.

pH : Not applicable

Melting point/ range : 90-140°C (194-284°F)

Freezing point : Not applicable

Initial boiling point and boiling range : Not applicable

Vapor pressure : Not applicable

Relative density : Not applicable

Density : 0.91 - 0.97 g/cm3

Water solubility : negligible

Partition coefficient: n-octanol/water : No data available

Solubility in other solvents : No data available

Viscosity, dynamic : Not applicable

Viscosity, kinematic : Not applicable

**PE Pelletized Resin: Various Colors**

Version 1.3

Revision Date 2025-12-15

Relative vapor density : Not applicable

Evaporation rate : Not applicable

**SECTION 10: Stability and reactivity****Reactivity** : No decomposition if stored and applied as directed.**Chemical stability** : This material is considered stable under normal ambient and anticipated storage and handling conditions of temperature and pressure.  
No decomposition if stored and applied as directed.**Possibility of hazardous reactions****Hazardous reactions** : Further information: Stable under recommended storage conditions., No hazards to be specially mentioned.**Conditions to avoid** : No data available.**Other data** : No decomposition if stored and applied as directed.**SECTION 11: Toxicological information****PE Pelletized Resin: Various Colors****Acute oral toxicity** : Presumed Not Toxic**PE Pelletized Resin: Various Colors****Acute inhalation toxicity** : Presumed Not Toxic**PE Pelletized Resin: Various Colors****Acute dermal toxicity** : Presumed Not Toxic**PE Pelletized Resin: Various Colors****Skin irritation** : No adverse effects expected.**PE Pelletized Resin: Various Colors****Eye irritation** : No adverse effects expected.**PE Pelletized Resin: Various Colors****Sensitization** : Did not cause sensitization on laboratory animals.**CMR effects****Carbon Black** : Carcinogenicity: Limited evidence of carcinogenicity in animal studies**Lead Chromate** : Carcinogenicity: Possible human carcinogen  
Mutagenicity: In vivo tests did not show mutagenic effects

**PE Pelletized Resin: Various Colors**

Version 1.3

Revision Date 2025-12-15

Reproductive toxicity: Positive evidence of adverse effects on sexual function, fertility and/or development from human epidemiological studies.

**PE Pelletized Resin: Various Colors**

**Further information** : No data available.

**SECTION 12: Ecological information**

Biodegradability : This material is not expected to be readily biodegradable.

Elimination information (persistence and degradability)

Bioaccumulation : Bioaccumulation is unlikely.

Additional ecological information : No data available

**Ecotoxicology Assessment**

Short-term (acute) aquatic hazard : No data available

Long-term (chronic) aquatic hazard : No data available

**SECTION 13: Disposal considerations**

The information in this SDS pertains only to the product as shipped.

Use material for its intended purpose or recycle if possible. This material, if it must be discarded, may meet the criteria of a hazardous waste as defined by US EPA under RCRA (40 CFR 261) or other State and local regulations. Measurement of certain physical properties and analysis for regulated components may be necessary to make a correct determination. If this material is classified as a hazardous waste, federal law requires disposal at a licensed hazardous waste disposal facility.

Contaminated packaging : Empty containers should be taken to an approved waste handling site for recycling or disposal.

**SECTION 14: Transport information**

**The shipping descriptions shown here are for bulk shipments only, and may not apply to shipments in non-bulk packages (see regulatory definition).**

Consult the appropriate domestic or international mode-specific and quantity-specific Dangerous Goods Regulations for additional shipping description requirements (e.g., technical name or names, etc.) Therefore, the information shown here, may not always agree with the bill of lading shipping description for the material. Flashpoints for the material may vary slightly between the SDS and the bill of lading.

**US DOT (UNITED STATES DEPARTMENT OF TRANSPORTATION)**

NOT REGULATED AS A HAZARDOUS MATERIAL OR DANGEROUS GOODS FOR TRANSPORTATION BY THIS AGENCY.

**PE Pelletized Resin: Various Colors**

**Maritime transport in bulk according to IMO instruments**

**SECTION 15: Regulatory information****National legislation**

**SARA 311/312 Hazards** : Combustible dust

CERCLA Reportable : This material does not contain any components with a CERCLA  
Quantity RQ.

SARA 302 Reportable : This material does not contain any components with a SARA  
Quantity 302 RQ.

SARA 302 Threshold : This material does not contain any components with a section  
Planning Quantity 302 EHS TPQ.

SARA 304 Reportable : This material does not contain any components with a section  
Quantity 304 EHS RQ.

**PE Pelletized Resin: Various Colors**

Version 1.3

Revision Date 2025-12-15

SARA 313 Components : The following components are subject to reporting levels established by SARA Title III, Section 313:  
: Lead Chromate - 1344-37-2

Lead and Lead Compounds have special reporting thresholds.  
Refer to the TRI Lead homepage for guidance.

**Clean Air Act**

Ozone-Depletion Potential : This product neither contains, nor was manufactured with a Class I or Class II ODS as defined by the U.S. Clean Air Act Section 602 (40 CFR 82, Subpt. A, App.A + B).

The following chemical(s) are listed as HAP under the U.S. Clean Air Act, Section 112 (40 CFR 61):  
: Lead Chromate - 1344-37-2

This product does not contain any chemicals listed under the U.S. Clean Air Act Section 112(r) for Accidental Release Prevention (40 CFR 68.130, Subpart F).

This product does not contain any chemicals listed under the U.S. Clean Air Act Section 111 SOCM Intermediate or Final VOC's (40 CFR 60.489).

**US State Regulations****Pennsylvania Right To Know**
